Autologous Blood Therapy is a basic seminar developed for the individual that wishes to expand their knowledge of the new and exciting technology: PRP (platelet-rich-plasma)/ Platelet Concentrate. The Course content is comprised of: Basic science; Growth Factors; Wound Healing; Regulatory Guidelines; Professional Liability Insurance; Policy, Process, and Procedures; Large/Small/Variable Systems; Practice Development; Stem Cells; Sequestration Techniques; Applications Techniques; Mini Case Reports; Reimbursements; and Wet Lab.

The Course will require the completion of 4 short self-study modules and then an on-site educational offering, in Jackson, Mississippi, which will require 2 ½ days (21.75 clock hours). CEU's will be awarded (previous courses: 26.4 {I} + 4{III}= 30.4 CEU's), in addition to a certificate of completion.

The design of the Course allows an inclusive tuition (excluding travel) of eight hundred and thirty five dollars (\$835.00). Included are the self-study modules (4), On-Site Class and Course Notebooks (2). Also included, at no additional charge, is: 3 nights hotel accommodations, breakfast and lunch each class day, and transportation from/to the airport.
